TS-5P/REV-5S/REV5SA

This diagram illustrates the assembly of the TS-5P/REV-5S/REV5SA machine. The main unit is shown mounted on a base. A vertical support structure is attached to the side, featuring a horizontal arm and a vertical rod. A label 'TS-5P/REV-5S/REV5SA' with an arrow points to the top of the vertical rod. The machine has a control panel on the front with a display screen and several buttons. The base consists of a main platform and a lower support structure.
